

Design Change of the Z3-axis Processing Point Temperature Sensor [Optional Accessory] of the DGP8761 (Dry Polish Specification) Due to Production Stop

Applicable machine

DGP8761 (Dry polish specification)

Details of the change

- The parts for the temperature sensor, wiring/piping and mounting are changed.
- The temperature sensor installation position is changed from the inside of the flange to the upper part of the spindle (in order to improve the maintenance performance and reliability).
- There is no change in any function or specification.

* We will make the change in order as soon as the stock of the existing parts has run out.

* The new parts are available for pay. If you want to have the parts replaced by the new one, please contact us.

New P/N: FNNG-010003-** (Processing Point Temperature Sensor ASSY)
