## The OS of the PC to Be Installed in the Machine Changes to Windows 10

### Information

---

Currently, Windows 7 has been installed in the PC mounted on the machine. In accordance with the end of the support service for Windows 7, we change the PC of the machines to be shipped from now on. After the PC change, the machine OS changes to Windows 10, but there is no change in the operation screens or procedures.

### Time of starting the change

---

The change is scheduled to start from the production in April 2020.

### Inquiries

---

Please contact your local DISCO sales representative or customer engineer if you have any questions regarding this matter.
